ANANDA MARGA SUVA
SECTORIAL SUMMER CONFERENCE

27 December 2026 - 2 January 2027

The Neo-Mysticism of Ananda Marga

I exist, my Lord exists, and my search for His glamour, my search for His grandeur, is never-ending. I am moving unto Him, moving along a never-ending path. This search for the Great by the little is called mysticism. -Baba

Namaskar,

Welcome to our upcoming inspiring summer event at Ananda Palli, our beautiful spiritual haven! Baba has given us a rich legacy of mysticism, newly vitalised for personal and collective growth. This year's theme invites us to explore mysticism in our own lives and in the transformation to a more humane world.

We look forward to your participation as we deepen our connection with the Supreme through spiritual practices and shared inspiration
